

## Environment 7u76

01. Select following to download:

Windows x86 Offline	28.12 MB	 <a href="#">jre-7u76-windows-i586.exe</a>
---------------------	----------	---

02. If you have - Java 8u45 - set up for dgft:

- Go to java control panel > Ensure that the security is kept high.
- Go to program files of your pc > java > jre1.8.45 > lib > security > open java.policy file in the notepad > Now copy the content **permission java.security.All Permission;** > **Add these lines at the end of the file.** > Save this file.

03. Please note that if system setting not allows you to modify the content than save it in the temporary folder say c:\temp first. Copy this java.policy file to folder C:\Program Files\Java\jre1.8.0\_25\lib\security. Go to following web:

<http://www.oracle.com/technetwork/java/javase/downloads/java-archive-downloads-javase7-521261.html#jdk-7u67-oth-JPR>

04. Select following:

- Java SE Runtime
- Restart the system.
- You may also learn this on the DGFT web > home page > FAQ > (Using Digital Signature for Logging and Signing of Documents) > Question 13 to 15.
